

# Corner Brook Municipal Habitat Stewardship Agreement

The City of Corner Brook and the Government of Newfoundland and Labrador signed a **MUNICIPAL HABITAT STEWARDSHIP AGREEMENT** in December 2018, committing to the conservation and enhancement of wildlife habitat within the town's planning boundaries.

The agreement designates one protected area, Wild Cove, totalling 388 acres (157 ha). The area has excellent wetland habitat with abundant vegetation that supports large populations of waterfowl including a unique fen at supports two species at risk, Rattlesnake Root and Northern Bog Aster.
