

Steady Brook Wetland Habitat Stewardship Agreement

The Town of Steady Brook and the Government of Newfoundland and Labrador signed a **WETLAND HABITAT STEWARDSHIP AGREEMENT** in July 2011, committing to the conservation and enhancement of wildlife habitat within the towns' planning boundaries.

Within a larger stewardship zone, 2 Management Units cover approximately 27 acres of wetland habitat and includes the mouth of Steady Brook and its adjacent cattail marsh, as well as a small marsh near the eastern end of the town's boundaries.
