

Torbay Wetland Habitat Stewardship Agreement

The Town of Torbay and the Government of Newfoundland and Labrador signed a **WETLAND HABITAT STEWARDSHIP AGREEMENT** in October 1997, committing to the conservation and enhancement of wildlife habitat within the town's planning boundaries. This agreement was revised in 2015 to increase the amount of land in protected management units.

Within a larger stewardship zone, the agreement designates the following 6 areas as protected areas, known as Management Units, totalling 455 acres: Gosse's Pond, Upper Three Corner Pond, The Gully, Jones Pond, Western Island Pond and the Shoreline Conservation Area.

Gosse's Pond

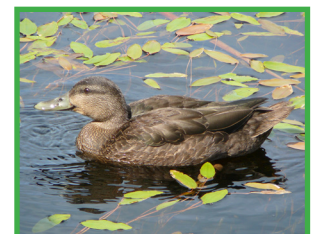

What to look for!

Mallard

Green Winged Teal

American Black Duck
